

23 May 2009

Dear Parents,

Holiday Package – Term 2 Vacation

Thank you for taking time to meet up with the school management for this important Parent Communication Session.

To ensure that your child does not lose the skills he has learnt or was in the process of learning this semester, your child's teacher has prepared an individualized holiday package that you can use with him / her during the June vacation.

In the package, you will find instructions on how you can continue to support your child at home / outside the home to practice the skills that he has been acquiring in school. If you have any queries on some of the tasks, do feel free to clarify with the teacher.

We encourage you to work with your child through the activities and take this opportunity to let him demonstrate to you what he is capable of achieving. Do help us improve in this area by completing the attached feedback form and returning it together with the completed package to your child's form teacher when he/she returns to school on **Monday, 29 June 2009**.

Let me take this opportunity to wish you and your family a restful vacation.

Yours sincerely

Mrs Jenny Lai
Principal
